**THE STORY**

A MIDSUMMER NIGHT'S DREAM is Shakespeare's magical fantasy of summer love. The play cleverly weaves four different stories into one comic celebration of fun and frolic. The first plot involves the wedding feast of Theseus, Duke of Athens, and Hippolyta, Queen of the Amazons. The second story surrounds the plights of four young lovers caught in the fickle folly of their youth. The third story focuses on the exotic conflict of Oberon and Titania, King and Queen of the Fairy Kingdom. The fourth and final plot concerns a group of rustic countrymen who have been commissioned to provide an entertainment for the wedding feast.
